Citizens Air View on Cable TV

An audience of about 40 interested citizens gathered at the city council chambers Monday night to listen to three proposals offered by George Baldwin, owner of the Cable TV franchise servicing the Grayling area.

No final decision was reached on any of the three proposals, one of which recommended a change from Channel 50 (Detroit) to Channel 17, Atlanta, Ga., so-called "Super Station", one that provoked most of the comments from those attending. Public sentiment from the audience favored the retention of Channel 50. The Grayling City Council has already approved a 50¢ per month cable rental charge and is awaiting word from Grayling Township who has not had the opportunity to meet and act on the request. The third proposal to install an all-feature movie channel at a \$4 per month rental fee received little reaction from those in attendance.

Final decisions on the three proposals are expected to be made after sentiment of Cable TV subscribers has been gathered.

FmHA Helps Energy Conservation

Rural homeowners in Crawford County who need to upgrade their homes may be eligible for financing from the Farmers Home Administration (FmHA).

John W. Eubanks, FmHA County Supervisor, said that in addition to financing the purchase of homes, the Agency also has funds available to families who already own homes that need insulation/weatherization improvements.

FmHA will offer loans

for energy conservation improvements to all rural families of low or moderate incomes who cannot obtain adequate commercial credit and are otherwise eligible for FmHA loan assistance.

Mr. Eubanks said that this is not a new loan program, but a part of the

total loan program FmHA has had for a number of years. However, the Agency is stressing the need to conserve energy and help families combat today's higher cost of home energy.

Red Cross Fund Campaign Huge Success in Crawford Co.

by Harrison Goodhue

It is a cliché as old as the hills themselves, but, "YOU DID IT AGAIN!"

When the October Fund Drive for Red Cross was announced in the September 27th issue of THE AVANTAGE we told you that the budget for Crawford County Chapter for the 1980 fiscal year was \$5494. We also told you how bleak were the prospects of raising that much money because of the loss of Bear Archery and the depressed economic circumstances in this community.

Well, we can report to you that as of November 26th, the Chapter has received 197 gifts totaling \$5409 and there are five more donations we are certain we will receive before the end of the year which will make the total \$5494

Beep-Beep-Beep-Beep.

That's the first signal that separates a volunteer ambulance attendant from a warm bed and pleasant dream, sending him on his way to assist an injury or illness-stricken victim needing help.

Too many of us take this vital Crawford County service for granted. It's like assuming that tomorrow's "always gonna come." But it's a very real, necessary and viable service available to all county residents and visitors to the area. Those who have availed themselves of its services know.

Volunteers who make up the Crawford County Ambulance Corps have responded to 287 calls from people in distress so far this year. Accident victims or people suddenly stricken ill. Many lived to see

tomorrow because of the emergency care they received from the attendants who administer first aid and comfort until professional medical treatment is reached.

"We hope in the foreseeable future to have three teams," said Tony Doremire, ambulance co-ordinator, "at the present time we have two." He was referring to the two, 3-man crews who now provide emergency care and transport service via the county ambulance when the need arises. And it could be any minute of every day. "One of our two teams is on call on even calendar days," he continued, "the other on odd calendar days. And that means 24 hours per day, rain or shine, day or night." The six current regular crew members include Mike Hauxwell,

Mahlon Riker and Jim Kraus, who make up one team; the other consists of Jim Gray, John Wilcox and Pat Kucharek. Another group make up a standby contingent, ready to step in when replacement or relief is needed. This team includes Dean Goss, Fred Reichelderfer, RaxAnn Adams and Doremire himself. The Creed of the Corps could be likened to that associated with the Royal Canadian Mounted Police.

We asked Doremire to outline the evolution of the ambulance corps and learned the ambulance was manned by sheriff's dept. deputies until the Fall of 1975 when the volume of calls made the situation too cumbersome for the department to handle efficiently. "The sheriff asked if I thought I could organize a volunteer group to handle ambulance runs," said Doremire in reflecting on the inception of the corps, "that's how our organization got its start. Today the service is strictly volunteer, although the sheriff's department provides obvious assistance and one of the members of the group is a deputy. The ambulance is housed at the sheriff's department where calls for help are received.

Each attendant carries an alert monitor, usually attached at the waist, which signals him/her that an ambulance call has been received. The monitor also serves as a transmitter so that the deputy sounding the alarm can provide instructions regarding the nature of the emergency. Attendants meet at the sheriff's department, the ambulance is readied, and the crew is dispatched to the scene of the emergency. Under normal circumstances, a team is ready to go within minutes of the time a call is received.

"We answer all calls for Crawford County," Doremire explained, "except for Frederic Township where they have their own ambulance and some of the more southern-most portions of the county. Since the corps does provide See Corpsmen on Page 10

Grayling Picked For Sno-Drift Rally

by Joe Schrader

The Grayling Chamber of Commerce has been advised that Grayling has been selected as headquarters by the Sports Car Club of America for the Sno-Drift Rally scheduled for December 8th and 9th. The event is presented by the Detroit Region of SCCA and combines 250 miles of arid terrain through snow-covered forest trails to challenge the talents of the two-man crews.

Sno-Drift is SCCA's first Pro Rally and the only one planned as a snow event. Grayling's Holiday Inn will serve as rally headquarters. Expected entrants for the snow event, the only one on the calendar this year, include American champion John Buffum and Canadian champion Taisto Hienonen.

Rally cars will wander through portions of Crawford, Oscoda, Otsego and Montmorency counties. Most roads will be plowed or packed snow,

weather permitting. Studs and chains are not permitted.

Drivers will be competing over the 250 mile course-90 stage miles for over \$2,000 in prize money.

Vikings at Boyne For Cage Opener

by Joe Schrader

The long and winding cage trail that ends up as "March Madness" for high school basketball squads will get under way next week for Grayling High when the Varsity & JV squads travel to Boyne City Friday night to tangle with the ramblers in a conference encounter. The Vikes, under Head Coach Warren "Butch" Hayes, will launch a 21-game regular season schedule

that includes six league clashes in a row to start the year.

After two weeks of rigorous practice sessions, Coach Hayes has selected 12 players on this year's team, eight seniors and four juniors. Returning lettermen include Ken Helsel, Rocky Tobin, Todd Duncley, Mike Chrisman, Mike Walsh, Jim Kitch and Jeff Schrader. Hayes said the four junior squad members all have a lot of

playing time and include Jon Junttila, Bill Roach, Scott Hale and Scott Hamlin, all from last year's JV team. Senior Bill Lucksted rounds out the 12-man squad.

"We're a relatively small team, except for Schrader (6'4")," said Hayes, so we'll have to rely on our speed and quickness this year and you can look for us to press a lot." Hayes indicated that juniors Junttila and Roach both

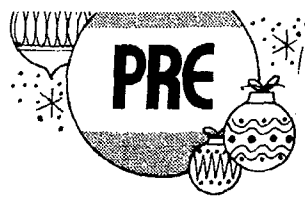

possess scoring potential and Hale will be looked to for "his ball handling and defensive ability."

When asked about league competition this year Hayes indicated that Gaylord is expected to be tough, along with St. Ignace and Charlevoix. "Well I guess they'll all be tough, though," he concluded.

Schrader, Chrisman and Helsel will be called upon See Vikings on Page 10

From Our Corner ...

One of the most asinine decisions we have experienced since we have lived in Grayling occurred Monday at about noon when someone decided to cancel the Christmas parade that was scheduled for Monday evening to kick off the Christmas Season...

We do not know who the person or persons that made this decision, but do know they didn't have the courtesy to contact Rita Smith of the J & R Florist who was chairman of the parade or Judy Gibbons of Weaver's Gift, and Joe Schrader of the Avalanche, committee members of the Christmas Season promotion of the Downtown Merchant Association.

Through the efforts of Mrs. Smith and the committee they had 30 entries scheduled to partake in the parade from as far away as Tecumseh, Charlevoix, Gaylord, Kalkaska to name a few out of town entries...and this did not include our own little hamlet's participants.

We just can't comprehend a decision like this...it is almost like postponing the 4th of July parade until the 18th because there may be a little rain in the air...or let's set the Memorial Day parade ahead because there is a forecast of rain on that day...as long as we have been around, we've never heard of canceling the Macy's, Hudson's, or the Philadelphia parades because of weather...we have watched the Tournament of Roses parade in Pasadena during a rain...

People in an organization such as the downtown association work hard on projects like this only because they know what helps them will help the community...is it any wonder that officers of an organization has trouble to get someone to help on certain projects when things like this happen without even contacting them...

We hope the merchant's think about this... Like we mentioned above...we do not know who the decision makers were to cancel the Christmas parade...all we can add from our corner is...they put the Scrooge to the kick off of the Christmas Season in Grayling...

Thanksgiving Leftovers...turkey, turkey, turkey...right now we wish this turkey was put to bed, but we haven't quite filled the corner up tonight...right now we will be contented with a hamburger once we get home to the shack...

Our Thanksgiving was just what the doctor ordered, which we are sure all of our readers experienced...we had our Traverse City family with us...T.J. is fine, while she was here we also celebrated her 6th birthday which was the 26th...Stefany was along also, and from the past four days they were here we gave her a new name, Little Rodney, she looks and acts like the cartoonist drew for the paper...We talked to our western family, and everything is fine out that-a-way. From what was said, Amber is something like Stef...

We had a phone call today from an old friend...the one who taught us the printing trade...Jerry O'Hara...back in the dark ages of the 30's Jerry and I worked for Paul MacDonald, Publisher of the Otsego County Herald-Times in Gaylord.

What Jerry did not know about the Linotype, Mergenthaler, the inventor didn't know either...

Nostalgia last week on our moving out of a building that had housed the Avalanche for a 100 years...the call from Jerry brought out more...

Like we have said before...we came from a poor family...when we were growing up any job was a salvation we were fortunate to get a job for 8 bucks a week...this does not matter...what matters is the people that we have had good fortune to cross their path and each has been our benefactor...

As we mentioned, Jerry gave us the foundation of the newspaper printing trade...Howard Cogan, staff writer for the Bay City Times, then State Editor, in the fifties, gave us the encouragement to try our hand at writing as a stringer for the Times...then in the sixties, Richard Milliman, who heads the Avalanche organization, gave us the opportunity of becoming the editor-publisher of your newspaper.

One other...and the most important...my father once told me following a basketball game and we were elated until he asked...couldn't you have done better...we have been striving since...

Have a nice weekend...

Stand Fast In Christian Liberty!

Galatians 5:1-6

After four chapters of doctrine, Paul now turns to the application of doctrine in Christian duty concerning law and grace. "Stand fast therefore in the liberty wherewith Christ hath made us free, and be not entangled again with the yoke of bondage." Verse 1. Paul commands the Christian to stand fast in the liberty of grace and avoid all entanglements with the law which will result in slavery.

Paul reminds the Galatians that if they become circumcised as a physical sign they are under Jewish law, they will be saying the grace of Christ did nothing for them. "Behold, I Paul say unto you, that if ye be circumcised, Christ shall profit you nothing." Verse 2.

Again the Galatians are reminded that if one is trusting the laws of God, he must keep every single one perfectly. "For I testify again to every man that is circumcised, that he is a debtor to do the whole law." Verse 3.

The laws of God are in such contrast to the grace of God that one cannot be trusting in both of them at the same time. You are either trusting one of them or the other. "Christ is become of no effect unto you, whosoever of you are justified by the law; ye are fallen from grace." Verse 4. Now it is equally impossible to either be justified by the law or become fallen from grace. Since one cannot be justified by the law, Galatians 2:16, 21:3:11, one cannot fall from grace. One can however fall from the benefits of grace in this life by surrendering to any form of Christian legalism. A more serious question is to those who grew up in a system of Christian legalism. Are you sure you have at some time in your life trusted fully in the grace of God?

through the finished work of Jesus Christ for your sins? If you have always placed some trust in your good life or works to save you, you may never have fully accepted the grace of God unto salvation.

Those of us who have trusted God's grace for salvation are not seeking some extra form of self effort or righteousness, but are awaiting by faith the complete fulfillment of God's promises. "For we through the Spirit wait for the hope of righteousness by faith." Verse 5. We know that no human effort to make ourselves more righteous will be accepted by God. "For in Jesus Christ neither circumcision availeth any thing, nor uncircumcision; but faith which worketh by love." Verse 6. We are free from all forms of self-effort towards righteousness. All the good works of a true Christian come from a "faith which worketh by love." It is not self effort, but God working through us and in us. (adv.) Pastor Barnett

SENIOR CITIZEN'S CORNER
HELPFUL IDEAS FOR SUCCESSFUL RETIREMENT

Keep Exercising
Exercise is important during the retirement years, particularly for those who have led busy, active and/or physical work lives. If you have been moving at rapid pace for 20 or 30 years, don't turn off your motor and just sit down. Consult your doctor about the type — and the amount — of exercise you need to stay in good physical condition.

Riding around the golf course in an electric cart is recreation, but it does little of nothing for you. If you're in good shape, you

can stay that way with a properly prescribed exercise program that will not take up too much of your time. Walking, bicycling, swimming are good examples.

Proper exercise assists in registering improvements in heart and lung function, lowering blood pressure, keeping weight down and increasing strength and energy.

Choose the activities that are fun for you, that are fun for you and join the many men and women in their 60's and 70's who feel better.

Dear Sheriff Haas:
Your letter to Sgt. R. Scholtens of the Michigan State Police has been referred to me for reply.

We are presently looking in to the accident experience at the Junction of M-72 and M-18, to try to determine what if any action can be taken to improve safety there, if indeed the junction is unsafe. Your suggestion of an im-

provement by installing a flasher is being considered also, however, with no close source of electrical energy this poses a problem.

I am happy to say we will be installing a flasher at the intersection of Old 27 with M-93 - BL-75 in the very near future.

We will be happy to keep you informed of our progress and decisions regarding the Junction of M-18 and M-72.

Very truly yours,

Dear Whitey:

I am most happy to be able to tell you that the October Fund Drive for Crawford Co. Chapter/American Red Cross is a total success.

Our budget for the 1980 Fiscal Year is \$5494 and we will exceed that figure slightly when the contributions are all in.

Considering the severe financial handicap our Fund Drive was burdened with due to the loss of Bear Archery from our business community and the generally depressed business activity, the response to the Chapter's plea is remarkable, and, no small credit belongs to The Avalanche for your featuring our messages on the front page of your paper from the September 27th issue to the November 1st issue.

Your cooperation and dedication to furthering the welfare of our community is outstanding.

We thank you most sincerely.

In addition to energy conservation, repair loans may also be used to remove health and safety hazards such as repairing roofs, providing sanitary water and waste disposal systems, and upgrading electrical wiring. School Celebrates Thanksgiving

Pictured are two: "Indians" arm wrestling and the "Pilgrims" aboard the Mayflower with the lookout sighting land and pointing. An excited "Pilgrim" is asking, "Where, where?"

These were only a small part of the approximately 125 "Indians & Pilgrims" who shared their first Thanksgiving Feast together.

The fourth grades of the Grayling Elementary School held their annual Thanksgiving in the multipurpose room at the school on Wednesday, November 21, 1979. All of them enjoyed a turkey dinner complete with Indian cornbread, served by the hot lunch cooks and aided by ten mothers. The children waited until everyone was served and Grace was said by Pilgrims, Dena Thayer and Todd Hull, before partaking of their dinner. Following the main meal, the mothers served pumpkin pie, which was furnished by the parents.

Upon completion of the meal everyone adjourned to their rooms to gather their trading items while "Mac" cleaned the dining room. On their return to the gym, a program was held. Starting the program, was a drill, led by Mr. Nunn, the Principal, of the Pilgrim men practicing their skills as protectors of the colony. Mrs. Fleming's class of Indians illustrated some Indian language; Mrs. Akers' class held an Indian arm wrestling contest; Mrs. McEvers' Indians depicted the friend-

ship with the Pilgrims; Mr. Hayes' class demonstrated the Pilgrim chores and Mrs. Bovee's class presented a skit of the Pilgrims arrival and feast.

The most exciting part concluded the whole event when the Indians and Pilgrims bartered their items in a friendly atmosphere.

The fourth grade teachers would like to thank all of the parents who made costumes for their children, who furnished pies, came to help and came to watch. Thank you. (Photos by Fay Bovee)

"Special" People

Volunteers are "special" people. They find time in their busy daily schedule to become involved in volunteer work. Many "special" people are volunteering their time to help the children of the Crawford AuSable School district. For example, Volunteers are working with children on a one to one basis in the Grayling Elementary Reading Room, working in the library, collecting money on Stamp Day, and many have helped out on "especially busy days".

The qualifications are mainly to possess a desire to want to help kids grow, to enjoy them, to get along with people, to understand the goals of the school and the Volunteer program; must be adaptable, dependable and in good health.

If you have some time to share and want to become involved please call Cheryl LaDuke at 348-7641 ext. 52.

Rocket Footballers Hold Banquet

"Enthusiasm, spirit and team pride", were just a few of the comments spoken by Grayling Varsity Football Coach, Bill Klinger, at the 1st Annual Grayling Rocket "Flag" Football League Banquet, held recently at the American Legion Hall.

Coach Klinger was the guest speaker at the Pot Luck banquet, which was attended by over 200 people.

ple, honoring the coaches, team sponsors, and all the boys and girls that played on the teams.

The banquet began with a supper provided by each of the families, along with hot dogs, orange drink and coffee, provided by the Grayling Booster Club, McDonalds and Black & White Foodland, respectively.

After the supper, Mike Shearer introduced Coach Klinger, who praised the league for providing the youth of Grayling a constructive activity. The team coaches were then introduced as well as each member of the individual teams. All players received a Grayling Rocket "Flag" Football Certificate and a free food card, courtesy of McDonalds of Grayling.

Recognition was given to Paul Hamlin, Dave Brooks and Mike Hickey for helping make the 12 and 13 year olds trip to the Detroit Lions-Tampa Bay game at the Pontiac Silverdome such a success (something to do with spilled pop, and ice shot through straws).

In concluding the banquet league director, Mike Shearer, thanked coaches

Marty Martinez, Al Zigala, Steve Fick, Dave Latusek, Larry Goodale, Howard Lehti, Bill Ellingboe, Jim Weadbrock, Gary Derenzy, Jim Failing, Tom Brooks and Cal Walls for devoting their time and effort in coaching the kids.

In addition, appreciation was extended to the following sponsors, who donated money to buy needed equipment and uniforms: J & A Drain Cleaners, Northern National Bank, Ray's Canoes, C.F. Fick & Sons-Distributors, Arrowhead Inn, Kiwanis and the Grayling Jaycees.

Special thanks was extended to the following for making the banquet, as well as the reason, a success: The Grayling Booster Club, McDonalds of Grayling, Black & White Foodland, Crawford County Avalanche, R & H Sporting Goods, and the American Legion for donating the use of the Hall.

Clean up efforts were provided by Steve Fick, Mike Shearer, Marty and Bobbie Martinez, Al Zigala, Tom and Nancy Brooks, Hazel Halstead and Pat Forseman.

Bits O' Talk

by Fay Bovee

Mr. and Mrs. Ed Sullivan and daughters, Annie and Katie, of Chicago spent the weekend with her family, Mr. and Mrs. Emil Kraus and family.

The Arnold Tuckers of Lake Margrethe entertained all of their family for the long weekend: Lee and Beth Tucker & Andy of Lansing; Bruce and Janet Bierkamp; Michelle and Kimberly, of Grand Ledge; Bill and Caroline Brown and Jacob of Williamston.

Jack Stevens of Northern Michigan U., Marquette, and Jim Stevens of Lake Superior State, the Sault, spent the holidays with their parents, the Ralph Stevens family. Also visiting were an aunt and uncle, John and Della Luman and a grandmother, Mrs. Yvonne Rivers, all of Alpena.

Since the Avalanche is in a new home after 101 years, I did a little checking on the history of the present building. It was built by Tony Buron in 1948, and the addition which now houses J and R Florist was added a very short time later. Tony operated a pool hall in the first half and the State Liquor Store occupied the other side. Businesses that have been in the building are a restaurant and bakery and Bear Archery rented part of it for a short time. Bill LaGrow eventually bought both parts of the building in which he housed his laundry for many years. Various other businesses have been in one half of it from time to time. There you have it—another block for me to walk, but walking is healthy!

Mr. and Mrs. Pat Buron and daughter of Traverse City were Thanksgiving visitors at his parents, the Tony Burons. Also visiting were their daughter, Jane and family, Mr. and Mrs. Ron Martin of Kalkaska.

Ray Hunter of Chicago and Steve Stephan and Michael Stephan of Cadillac spent some time at the Stephan home during deer season.

Guests for the holiday weekend at the home of Mrs. Don Gothro were Ted and Karen Carlson, Heather and Jason of Dennison. Mr. and Mrs. Russ Carlson of Gaylord joined them for dinner. Bob and Mary Ann Clayton and son, Joshua, of Leslie had visited the previous week.

Ed and Virginia Martin of Lansing were at their cottage and also visited their daughter and husband, Don and Sarah Morath in Gaylord.

It's another granddaughter for Dr. and Mrs. B.E. Henig! Elizabeth Claudia Pielack arrived on Tuesday, November 20, 1979, in East Detroit to Gerald and Claudia Pielack.

Steve Davies of Lansing was a weekend guest of Tina Henig at the home of her parents, Dr. and Mrs. B.E. Henig.

Roach GVSC Scoring Champ

Allendale—Scoring is the name of the game and Will Roach a junior tailback from Grayling knows this game very well. The game that Roach averages 4.3 points per game is football—Grand Valley style. The fact that Roach, in 153 attempts gained 663 yards and scored nine touchdowns, gave him the name of the Great Lakes Conference scoring champion.

The Lakers, under coach Jim Harkema, finished the season with a 4-5 record after being picked in the pre-season to win the conference.

Grand Valley broke 52 individual and school records and tied four. GVSC was second in the college division with 270.2 yards passing per game.

Suffers Stroke

Word has been received here that Wes Kumpula, a former teacher and summer resident of Grayling had a stroke on Thanksgiving day in Lakeland, Florida. For those who may be interested in sending him cards or letters, his address is: Lakeland General Hospital, Room M 617-B, Lakeland, Fla. 33801.

Corpsmen

(Continued from Page 1)

county-wide service, they will respond to a call from an area not normally serviced should they be needed.

Doremire said that cooperation from employers in the area has been great. "We've had no trouble at all arranging for our attendants to leave their jobs when they're needed," he said. And the calls are frequent to say the least.

Statistics from last year show that the ambulance was called out 239 times, transporting 286 patients for medical care. A total of 635 hours were spent by crew members in 1978 and that is expected to well exceed 1000 this year if the averages hold true. Doremire maintains a comprehensive statistical data sheet and ambulance log detailing the nature of the emergency and type of assistance rendered. A history for each patient treated or transported is kept. "We do this in the event of future litigation," he explained. He predicted that ambulance runs would

top the 300 mark this year, or almost one per day, meaning that each attendant can pretty much expect to be called out almost every day he's on call. And it's strictly volunteer except for a token \$7.50 each attendant receives per call. Some of the alert monitors used by corpsmen were donated by local service groups, others purchased out of the county ambulance budget. Car equipment, if desired, is at the crew member's own expense. The budget for the ambulance account for next year is just under \$15,000.

Each ambulance attendant goes through hours of special training before being accepted for road assignment. First they spend 60 hours in advanced first aid training, a course taught by Doremire, before taking a comprehensive and detailed Emergency Medical Technician training curriculum. This consists of 105 hours of classroom work plus 10 hours of in-hospital clinical work. Once the course is completed, attendants must pass a State Exam before being licensed as E.M.T.'s. The license expires every two years, during which an attendant must earn 20 points in on-going training or take a 20-hour refresher course before being examined again. E.M.T. licensing is required by State Law, one which became effective in July of this year.

Doremire, who was paid for his efforts in the program until October when CETA funding for his position expired, does all the work required now on a voluntary basis. In addition to ambulance responsibilities, he also teaches first aid training courses for the general public and coordinates E.M.T. training programs for a 5-county area.

Over 150 of last year's calls were the result of accidents, from auto to skiing injuries. The balance were illness-related responses. The county service also provides transport service for patients transferred to out-of-town hospitals and is on standby for local football games and during periods of severe weather conditions.

Dedicated to their responsibilities, the group is hopeful county residents will respond to the ambulance fund drive so that a new vehicle can be purchased. The campaign was launched over two weeks ago with a goal of \$35,000. If successful, the county could have the ambulance delivered by the end of January. The vehicle will be a modular model capable of comfortable transporting four patients. The chassis can be replaced separate from the patient compartment itself, which has a life expectancy of 10-15 years.

Purchase of the vehicle will permit ambulance corpsmen to provide even more-improved service to those in need. Through their loyal and dedicated efforts on behalf of Crawford County residents, these unsung heroes have earned it.

the total, and only 16 found it necessary to reduce their support, but those reductions totalled less than \$50.

The business and professional community of Crawford County were especially responsive to the urgent need for funds as were so many of our individual supporters.

The Red Cross Volunteers of Crawford County Chapter thank each of you Good Neighbors who made sure the vital humanitarian Services of Red Cross will not have to be curtailed in this community in 1980.

It is a good thing too, because there have been three families burned out since the Drive began and there are only a few dollars left of the \$2000 budgeted for Immediate Disaster Assistance and winter has not officially begun as yet.

Our thanks and deep appreciation to the AVALANCHE, to WGRY and to WQON, for their help in getting the Red Cross message across. And especially our gratitude to the twelve Good Neighbors who taped those spirited messages of support broadcast over WGRY during the drive.

to provide the rebounding punch this year, said Hayes, while Tobin, Walsh and Helsel will be looked at for their scoring ability and defensive play. Kitch, Duncleley, Hamlin and Lucksted will assist on defense and also supplement our scoring capability," he said.

Tom Mills is back as Head Coach of the JV team this year and has picked a 16-man contingent for this year's team. Squad members include Tracy Fagan, Jim & Paul Harland, Terry & Jerry Norman, Jeff Kortis and Jamie Radebaugh. Rounding out the squad are Brad Trenary, Larry Davis, Monty D'Amour, Jim Hill, Jeff Kea, Ryan Morford, Luke Petrosky and Jim Schrader.

"We should be tough this year," Mills commented, "our Frosh team had a 7-4 record last year and we have a lot of bench strength." The majority of the team is made up of sophomores with some freshmen named to the team this year because of elimination of the frosh program. "We're not a polished squad," Mills added, "but the team is quick and we'll run a lot this year."

Tip-off time for the JV's at Boyne will be 6:30 p.m. with the varsity contest to follow. The vikes home opener will be against Cheboygan on Tuesday, December 11th.

Athletic Director Mike Branch said that all home games will be played at the high school gym this year except for games against St. Ignace, Petoskey and Rogers City when the Middle School gym will be used.

Although neither Hayes nor Mills would make any predictions about win-loss records this year, both indicated the teams will play the kind of basketball "the fans enjoy to watch."

Three permits were received for approval and signed by the Board: Consumers Power Co. Set one pole on Pioneer Road, South Branch Township 500' east of Willows Road.

Michigan Consolidate Gas Co.-Billman Road, Beaver Creek Township 569' of gas main-29' from Centerline.

General Telephone Co.-Connors Flat Road beginning on Wakeley Bridge Road, then East 17,000' on 18' Centerline.

The Board recessed for lunch and before returning to the office went on a tour of inspection to Batterson and Steckert Bridges, Howes Lake Road, Stephan Bridge Road, Old 27 to Dead Man's Curve at M-76.

Upon returning to the office the Board discussed the plaque for the foyer of the new office addition. Batterson, Steckert, Wakeley and Ole Dam Bridges.

A discussion was held on the needs of the Road Commission for additional employees. Further discussion will be held at the November 21, 1979 meeting.

It was decided not to join the United County Officers Association. Correspondence was received from the Crawford County Board of Commissioners regarding a meeting to be held Nov. 28, 1979, with the Michigan Department of Labor.

CELEBRATING the Grand Opening of Ronald McDonald House (tm), a "home away from home" for parents of children being treated for serious illnesses at Children's Hospital of Michigan, are the Richard Steckley's. Mr. Steckley operates McDonald's Restaurants in Traverse City, Gaylord, Ludington, Grayling, Petoskey, Big Rapids, Cadillac, and Kalkaska. Adjacent to Children's Hospital of Michigan in the Detroit Medical Corridor, Ronald McDonald House makes it possible for parents of seriously ill children to be near their youngsters during critical periods. Owned and operated by Children's Oncology Services of Michigan, Inc., a non-profit organization formed for that specific purpose and made up primarily of parents of children who are or have been treated at Children's Hospital, the 20-bedroom home will be available at \$7 per night per family--or free if they are unable to afford it. The home was begun with a pledge of \$300,000 by Michigan McDonald's Restaurant owner/operators.

available to them. Kirtland Community College has Career Advisors that can help homemakers choose a career that will meet their individual needs. They also have several financial aids programs that could provide all or part of a displaced homemaker's educational expense.

If you are interested in further information on the Displaced Homemakers Program, call Rebecca Bailey, Displaced Homemakers Coordinator at 517-275-5121, extension 226. Early enrollment is essential to insure proper handling of financial aids forms and other necessary paperwork.

Homemaker's Service

Three clients referred to help Homemakers. The workers assist some of our elderly people, home from the hospital, in doing light housework, dishes, and transporting clients to the doctors, and drug store for their prescriptions, and shopping for them.

We need more volunteers, to help in the South Branch area, and the Wakeley Bridge area. You will be asked to go into the clients home, do light housekeeping chores, and receive \$1.50 stipend per hour, plus mileage by this office. We need people 18 years and over who have the special qualification for wanting to help.

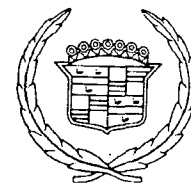

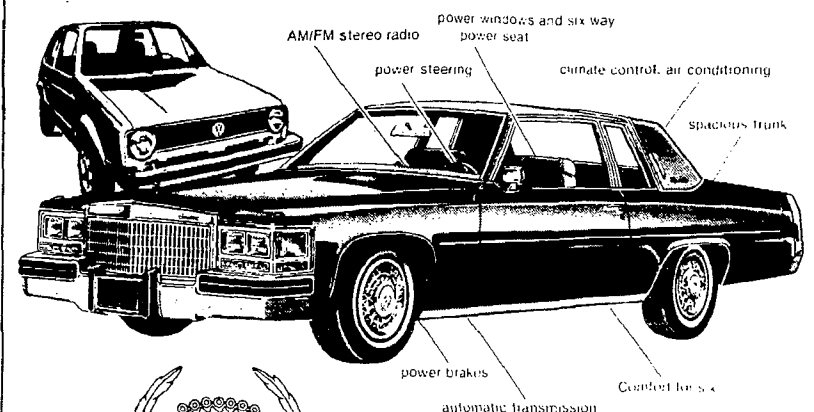

Donations may be made for the service performed.

For further information, about Homemakers, to refer a client, or to volunteer your service, please call Jeanette Conflitti, at 348-9314.

Hallett Completes Gen-Tel Course

A General Telephone employee, Marv Hallett, has recently completed a course in Time Management at the company's training center in Muskegon, according to Lois Reagan, division manager.

The objective of the one-day course is to help students use their work-time more efficiently. Students learn to identify "time wasters" that may occur during their workday and develop plans to improve their use of time.

Mr. Hallett resides in Grayling.

Scouts First Field Trip

The boys of our Den went on their first field trip to the Crawford County Museum.

It was great to look back at what our town once looked like. We had all heard stories about the lumbering that had taken place here, but the museum with all its pictures and artifacts made it all seem more real to us.

We have all been busy working toward our Bear Badge and have been making plans with our Dads for our cake bake.

Clark Allen

Puffy has a problem. She's much better at climbing trees than she is at getting down again. Usually someone has to get a ladder and bring poor Puffy back to earth.

People share Puffy's problem. Their fears are forever driving them to do what they can't undo. They run away from reality only to wish they hadn't. We have even coined the idiom "up a tree" to denote the dilemma of a situation from which we cannot free ourselves.

With people, it takes more than a ladder to solve the problem.

Through the centuries men have found Faith an answer to fear. Our churches cultivate courageous Christians. For with confidence in God comes confidence in ourselves.

The man who knows he's never alone doesn't run away.

Desloover-McInally Speak Vows

Susan A. Desloover, daughter of Mr. and Mrs. Ralph Desloover, Roscommon, became the bride of Mark B. McInally, son of Mr. and Mrs. Jack McInally, Grayling at the St. Michael's Church in Roscommon on October 5, 1979. A reception immediately followed the ceremony at the Roscommon Knights of Columbus Hall.

The bride made and designed her gown with the assistance of her mother and sister, Debbie Smith, a bridal consultant. The long trained dress of quiana and veil were accented with delicate silk lace from New Orleans. The bride carried a bouquet of three white roses and baby's breath.

The maid of honor, Ms. Kathy Stiefelmayer, Roscommon, and the bridesmaids, Mrs. Debbie Smith, sister of the bride, New Orleans, La, and Mrs. Gail Ross, sister of the groom, Warren, Mi., wore pleated peach eyelet blouses and full length peach broadcloth skirts made by the bride and her mother. The girls wore baby's breath in their hair and carried one long-stemmed white rose.

The groom wore a three-piece tux of tan and brown. The best man, John Rolfe, Roscommon, and the groomsmen, Kevin

Desloover, brother of the bride, Denver, Co, and Rusti Kalso, cousin of the groom, Lake Orion, Mi, wore coordinating three-piece tan and brown tuxes.

The mothers of the bride and groom wore full length dresses they made themselves with a corsage of white roses and baby's breath. The mothers, also, carried a long stemmed red rose given to them by the young couple during the ceremony.

Following their honeymoon to Daytona Beach, Florida, the new couple is making their home in Grayling, Michigan.

THANK YOU

I would like to express special thanks to all my friends & neighbors for their kindness, flowers, visits & cards while I was at Mercy Hospital. A special thank you to my good friend, Mrs. Joan Callan, who took care of my daughter & my neighbor, Mrs. Donald Campbell, who took care of my son while I was on vacation in Hawaii. I appreciate their help & support.

Last but not least, thanks to Dr. Gosling & all the nurses & aides at the North Wing for making me comfortable while confined.

Mrs. Donald Bentley

Free Christmas Trees Available

Free Christmas trees are available in Traverse City (Michigan) from November 22 thru December 21 as part of a "Discover Christmas in Traverse City" promotion.

The cut-it-yourself Christmas tree program highlights more than 50 special holiday events, and is sponsored by the Traverse City Area Chamber of Commerce Convention and Visitors Bureau. Five area ski resorts will also offer a special \$5.00 lift ticket during the same period.

According to Bureau Chairman Jim Walter, visitors spending two or more nights at one of 36 hotels and motels in the Traverse City Area can begin the Christmas season in an old-fashioned way by cutting a free Scotch pine Christmas tree. Douglas fir trees are also available by special arrangement with innkeepers. Lodging establishments are also offering special rates during this holiday period.

The tree-cutting expedition offers an opportunity for families to visit a historic centennial farm now part of the Sleeping Bear Dunes National Lakeshore Park. Driving to the tree plantation should offer visitors an early version of a white Christmas, since this scenic area is well known for its rolling terrain. Visitors are encouraged to bring a tree saw, and a camera to record the event, according to Walter.

The Traverse City Area is located in the northwest corner of Michigan's Lower Peninsula, and is an easy day's drive from anywhere in Michigan and the Midwest.

For additional information, contact the Traverse City Area Chamber of Commerce, P.O. Box 387, Traverse City, Michigan 49684; telephone (616) 947-5075.

*This represents the estimated current return on an investment in Units of the Trust as computed by dividing the Estimated Net Interest Income Per Unit after deducting the premium in excess of \$1000 per Unit (which includes a sales charge of 0.70%) by the public offering price per unit (which includes that same sales charge), and expresses the result as an annualized percentage. The estimated current return thus determined was 13.15% on November 14, 1979. The net interest income per Unit will vary with changes in the fees and expenses of the Trustee and Evaluator and with the sale of underlying securities, if any. The Public Offering Price will vary with changes in the values of the underlying securities. Therefore, there is no assurance that the estimated current return will be realized in the future. This announcement is under no circumstances to be construed as an offer to sell or as a solicitation of an offer to buy any of these securities. The offering is made by the Prospectus. Copies of the Prospectus may be obtained in any state in which this announcement is circulated, only from the Dreyfus Service Corporation or other dealers or brokers as may lawfully offer these securities in such state.
